¹ The “high-case” budget between Debtors and Cravath, Swaine & Moore LLP, as amended August 22, 2019, which included an estimate of pass-through expenses for retained experts.

² Consistent with the Fee Procedures Order entered on November 15, 2019, Cravath has capped Non-Working Travel Time (airplane travel) at two hours for billing purposes resulting in a discount of \$842,409.50 for the Compensation Period. Prior to the entry of the Fee Procedures Order, Cravath had discounted Non-Working Travel Time by 50% as reflected in the Fifth, Sixth, Seventh and Eighth Monthly Fee Statements for a discount of \$720,195.25 for the Compensation Period. The Travel Adjustment of \$122,214.25 is the difference between those discount amounts (*i.e.*, the additional discount applied to give effect to the Fee Procedures Order).
